DTSC News Feed is a weekly email that pulls together short updates and internet links to keep you informed about the latest accomplishments and news highlights at the California Department of Toxic Substances Control (DTSC).

## april 7, 2016

- The State Senate approved the \$176.6 million funding bill Governor Brown proposed to fund the expedited and expanded testing and cleanup of residential properties around the former Exide facility in Vernon. See coverage from [EGP News](#) and [The Washington Times](#).
- U.S EPA has proposed adding the [Argonaut Mine Site](#) in Jackson to the Superfund National Priority List. DTSC installed a [storm water diversion system](#) in November 2015 at the 100-year old Argonaut dam to help direct storm water around the tailings.
- DTSC's [schools program](#) is setting the gold standard for making properties safe.
- More than 700 properties have been sampled near the Exide facility in Vernon. See the latest cleanup numbers [here](#).

Archived versions of DTSC News Feed can be found on the department [website](#).
